### **DETAILED ACTION**

This action is issued in response to applicant's argument in Pre-Appeal filed 11/20/07 filed 1/17/06.

Claims 1-16 are allowed.

#### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: the 37 CFR 1.131 was persuasive. Claims 1-16 are allowed.

Regarding independent claims 1,9, and 16 the prior art of record fails to disclose or suggest the claimed provision of: A query generator for generating a query for obtaining selected data from a database, the database having a number of tables in which data is stored, the query generator comprising a processor which is coupled to the database in use, the processor being adapted to: a. receive an input indicating the selected data to be obtained; b. analyze the input and determine whether the input requires a joining of data in different tables, and an aggregation step; and, c. if so, causing the processor to generate a query, the query being adapted to cause the database to: i. aggregate the data within each of the tables as required; and, ii. join the aggregated data, the joined aggregated data representing the selected data. combined with the rest of the limitations in the independent claims, is not taught or suggested, or rendered obvious over the prior art of record or that encountered in searching the invention.

The dependent claims 2-8, 10-15, being further limiting to the independent claims, definite and enabled by the Specification are also allowed.

### **Comments**

**The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.**

**Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."**

As allowable subject matter has been indicated, Applicant's response must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CRF 1.111(b) and MPEP section 707.07(a).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
